

Dexa Body Age Policy

Dexa Body will not provide body composition scanning to anyone under the age of 18, unless the individual can present a written recommendation from a physician/MD.

Dexa Body will not provide body composition scanning to anyone under the age of 16, with or without a written recommendation from a physician/MD.

Dexa Body will not provide any pediatric patients with diagnostic bone density testing under any circumstance.

In the case that a physician or MD does require a body composition scan, it is our policy to not provide the results directly to the individual testing. Results will be provided to the physician/MD and delivered to the individual & family accordingly.
